## CYBERSCAN PROTOCOL INSTRUCTIONS

# COVID 19 DIP

## Detection \* Intervention \* Prevention Strengthen Your Immune System

CyberScan COVID 19 DIP is Detection, Intervention, Prevention PLUS energetically strengthening your immune system to protect you against COVID 19. CyberScan Professional System is US FDA registered as the most advanced bio-resonance biofeedback equipment from Germany in balancing your immune system to promote self-healing and wellness. For more information, please email [welcome@life-haus.com](mailto:welcome@life-haus.com).

Instructions for CyberScan COVID 19 DIP+Immune System Balancing:

1. Print & complete the CyberScan Order Confirmation form.
2. Provide your personal specimen for scanning. Acceptable specimens: hair or nail clippings. (Please cut 12 1-inch strands of your hair or save all your nail clippings).
3. Enclose your specimen in plain paper. Make certain to fold all four sides & secure.
4. Label with your full name, date of birth, email, mailing address, phone.
5. Enclose your secured & labeled specimen, together with your completed Order Confirmation with electronic payment, in a mailing envelope. Send OVERNIGHT to the following mailing address:  
[www.cyberscanamerica.com](http://www.cyberscanamerica.com)  
5997 Pacific Coast Highway #8  
Long Beach, CA 90803-4969
6. Your CyberScan Test Outcomes will be emailed to you within 24 hours.
7. Your new eeCard+ intervention turnaround time: 24 hours + UPS overnight In-transit & Delivery Time.
8. Please wear your new eeCard+ in your person 24/7.
9. Discard old eeCard+ prior to next scan.
10. Repeat the CyberScan Protocol, when necessary and recommended.

Thanks for your interest in CyberScan COVID 19 DIP + Immune System Balancing.
